

Oaklands Community Primary School

Play Charter

We have the responsibility to ensure that everyone gets the best from their playtime by making sure that:

We make our own choices about what we play

We share the equipment

We respect and look after our school environment and equipment

We know how to play kindly and allow others to join in our play

We treat everyone how we like to be treated

We try to solve problems ourselves in a kind, understanding manner before seeking help from an adult

We listen to and value the ideas of others

We help and support other people if they need us

We play safely, thinking about the risks so that we can keep everyone safe

We all help to tidy up

We take pride and responsibility for our play environment

We care, we learn, we succeed
